Re: #786 Collagen Antibodies in Relation to the  
Etiology of Emphysema - Council for Tobacco  
Research, USA

Dear Doctor Hockett:

Enclosed please find fifteen copies of our application for research grant,  
referenced above.

You will note that salaries for personnel are slightly higher this year. Salaries  
for faculty and professional research personnel are based on the current July 1972  
State appropriations. A yearly merit increase of 5% and a 5% range adjustment is  
reflected in the salaries of nonacademic personnel.

Sincerely,

A handwritten signature in dark ink, appearing to read "H. Hugh Fudenberg".

H. Hugh Fudenberg, M.D.  
Professor of Medicine, UC San Francisco  
Professor of Bacteriology and Immunology,
